

Multi Media Promotional Unit

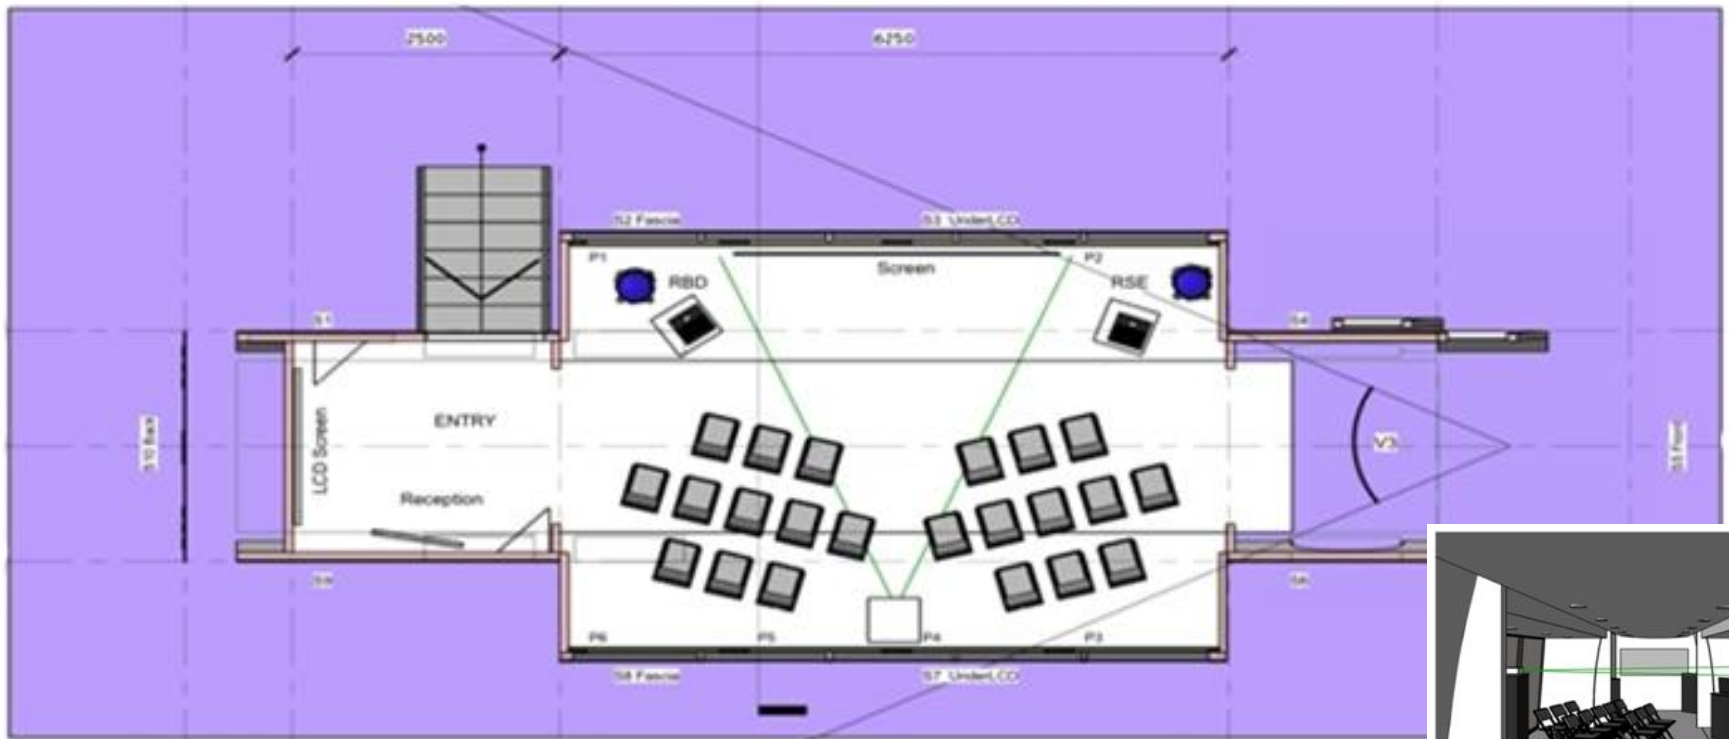

***Expressions of interest for purchase are invited.
Further details at: www.lot1.co.nz***

Purpose built by DesignLine in 2006, Volvo powered with feature self levelling suspension and rear turning axle, in as new condition and travelled a mere 58,000kms.

The Inzone Mobile Unit can simply be setup with its own built in generators within 15 minutes at any chosen city or rural location. The electrically operated side panels can expand to create a theatre/expo like environment, with a multitude of communication capabilities with 18 flat screen media stations. The unit has 2 built in air-conditioning units for user comfort.
